Language /
Style

METHODS OF LEARNING

- ▶ Lecture
 - ▶ Discussion
 - ▶ Watching & Appreciating Relevant Movie
 - ▶ Group Projects (Writing Analysis To Be Presented)
 - ▶ Individual Projects (Mid-test & Final Test—analysis of a novel/ Short Story)
- 

Literary Work as a Recreation of Life Experience

Literary work does not necessarily present accurate information about the real life experience (although it may be so as a secondary consideration), rather it causes us to recognize truths about the human existence through the direct presentation of selected experiences. Possibly, it does not present the way people act and feel, but it involves us these actions and drives us to respond to them.
